ALMOST DROWNED .- On Saturday evening a horse and cart were acciden-tally thrown into the creek, a short distance above the suspension bridge. The driver had driven to the edge of the bank for the purpose of dumping over a load of dirt, when, by some means, with it into the creek. The water being deep the animal was compelled to swim for his life, and struck out nobly for the opposite shore, which he finally reached, but owing to the bluff bank was unable to ascend. The colored driver, in en-deavoring to cut him loose from the cart, also got beyond his depth, and for a time it looked as though both man and horse would be drowned. A large crowd collected on the spot, and some of the number finally succeeded in rescueing both from their perilous condi-tion. The horse was almost exhausted by his tremendous efforts in keeping his head above water.

LUMBER AT ANDERSONVILLE.-The ounsel of Wirz are endeavoring to show that much of the suffering of the Union prisoners at Andersonville were occasioned by a scarcity of lumber, which made it impossible for those in charge of the prison to provide the necessary buildings for the shelter and comfort of those confined in the An-dersonvilla near dersonville pen. A gentleman of this city, who was a prisoner and detailed to work as a carpenter outside of the stockade, informs us that this is not true, but that, on the contrary, there was a reasonable supply of lumber in the town, and that there were also two saw mills within a few miles. any of the rebel officers wanted a house found no difficulty in probuilt they found no difficulty in pro-curing all the lumber necessary for the purpose, Our informant had opportu-nities to see for himself, and knows whereof he speaks.

With fingers weary and worn,
With eyelids heavy and red,
